SKILLS AND EXPERTISE

Languages & Libraries

C,C++,Java,Python,SQL,HTML,CSS,Numpy, Pandas, Matplotlib, Scikit-Learn,Streamlit,Flask

Database & Techs

MySQL

Tools

Google Colab, VS Code, Jupyter NoteBook, Git, Github, Render, Netlify

Concepts

Classification, Regression,OOPs, Data Structures,APIs

PROJECTS

Aqua Tracker App

- Designed an Aqua Tracking application to help users monitor daily water consumption and maintain healthy hydration habits.
- Implemented core functionalities, including automated reminders, local data storage, and activity tracking, to improve user engagement and consistency.

Movie Recommendation System

- Developed an AI-powered Movie Recommendation System using the TMDB dataset, applying NLP techniques to suggest movies based on content similarity.
- Performing a hybrid approach combining TF-IDF, cosine similarity, and IMDb weighted rating formulas to improve recommendation accuracy and reduce bias.

EDUCATION

B.Tech in Computer Science And Artificial Intelligence, Madanapalle Institute of Technology & Science

2023 – 2027
Angallu

- CGPA: 8.25

Diploma In CME, Government Polytechnic ,Proddutur

2021 – 2024
Proddutur

- Percentage: 87.25%

Secondary School Certificate(SSC), Layola English Medium High School

2017 – 2021
Dharmavaram

- CGPA : 9.3

INTERNSHIPS

Machine Learning Intern, Edunet Foundation

05/2025 – 07/2025

- Completed a 4-week AI-focused internship gaining foundational knowledge in Artificial Intelligence, Machine Learning, and Azure Cloud technologies.
- Applied supervised and unsupervised machine learning algorithms, including classification and regression techniques, through hands-on labs and real-world datasets.

Generative AI Intern, Saredufy Web Plus Academy Private Limited

06/2025 – 08/2025

- Created a "Birthday Message Generator" web application that creates personalized messages based on user input, such as name, relationship, and theme.
- Utilized HTML, CSS, React, and Python (Streamlit) to build an interactive, user-friendly interface.

WEB DEVELOPER INTERN, ApexPlanet Software Pvt Ltd

05/2025 – 07/2025

- Contributed to real-world web development projects, gaining hands-on experience in building responsive and interactive websites using HTML, CSS, and JavaScript.
- Collaborated within a professional team environment to enhance front-end development and problem-solving skills.

CERTIFICATIONS

AWS Academy Graduate - Cloud Foundations - Training Badge

Completed structured training under the AWS Academy Cloud Foundations program, covering core cloud concepts, AWS services, security, pricing, and architecture through hands-on labs.

Introduction to Programming Using Python From Sololearn

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

Certificate of Accomplishment

Earned a Certificate of Accomplishment in Java and SQL from HackerRank, demonstrating proficiency in core Java concepts, problem-solving, and coding skills.

Artificial Intelligence Fundamentals from IBM
